S & J Service Plan

Nobody plans for a machinery breakdown – which is why we have to!

Let the experts service and maintain your machinery at a time that suits you – don't wait until it breaks down.

Service Plan Pricing

Simply find your machine type on the left, and the price per month for the first machine is in the second column. If you have additional machines, use the price at the right hand column. If your machine is not listed, or if you need any help or advice, please call our Service Desk on 0800 783 7331. You can pay by credit / debit card, or by direct debit .

Maintaining Mincers, Vacuum Packers, Tray Packers, Sausage Fillers, Bandsaws, Mixers, Thermalformers and other Meat Processing Equipment

Maintaining Mincers, Vacuum Packers, Tray Packers, Sausage Fillers, Bandsaws, Mixers, Thermalformers and other Meat Processing Equipment

Plan ahead, and spread the cost of the servicing – a typical vacuum packer plan will cost as little as £28 per month*

Your machinery is expensive, and complicated – however not nearly as expensive than when it breaks down – and production grinds to a halt.

The simplest part breaking could leave your machinery out of action for hours, or even days.

That's why it's so important to have a plan – an S&J Service Plan.

Rely on our expert engineers

Never mind the cost, finding someone reliable to fix your equipment is crucial. There's no point in getting a job done, if it isn't done properly.

We have 8 engineers, based throughout the country, and each one is qualified to deal with all situations promptly. Its also reassuring to know that during each service, they will asses the machine for safety, check its performance, and keep you up to date with any modifications required.

What's included in the Service Plan?

- Travel expenses to and from your site
- Two visits per year**
- A complete service to your machine
- All the parts required for the service***
- A full report of the work carried out, complete with the engineers recommendations if any.

What we do not cover are parts that are not included in our standard service, or parts that have failed through misuse, or accidental damage. If your machine requires additional parts, we will discuss the work with you, and give you a price – BEFORE going ahead with the work.

For an additional £7 per month** we'll look after another machine too**

While our engineer is on site, it makes sense to service as many machines as possible. As many as 4 machines can typically be serviced in a single visit.

Terms and Conditions

- * £28 per month is for a typical vacuum packer – i.e. an E-303. The exact price will depend on your machine make and model.
- ** The additional £7 per month is for a typical vacuum packer – i.e. an E-303. As above, the exact price will depend on your machine make and model.
- *** Two visits per year is the most common service frequency. If you are a very light user, then this may reduce, or if you are a very heavy user, we may recommend an increase in visit frequency. With some products such as fish, we may recommend servicing more frequently. Our standard service schedules are listed on the back of this booklet. After our first visit we may recommend an alteration to this frequency.
- **** Standard service parts are included, i.e. Oil, Filters, Wire & Tape for a vacuum packer. Other items that have failed, or that are damaged are not included. A full list of included parts is available on request for each machine.

The Direct Debit Guarantee:

- This guarantee is offered by all Banks and Building Societies that take part in the Direct Debit Scheme. The efficiency and security of the scheme is monitored and protected by your own Bank or Building Society.
- If the amounts to be paid or the payment dates change Scobie & Junor (Estd 1919) Ltd will notify you 10 working days in advance of your account being debited or as otherwise agreed.
- If an error is made by Scobie & Junor (Estd 1919) Ltd or your Bank or Building Society you are guaranteed a full and immediate refund from your branch of the amount paid.
- You can cancel a Direct Debit at any time by writing to your Bank or Building Society. Please also send a copy of your letter to us.
