Toulouse Style Sausage Seasoning - 1 Kg Pack

Give your customers a taste of French gastronomy, with this Toulouse inspired sausage seasoning - a classic French sausage flavouring.

Toulouse Style Sausage Seasoning is crafted to embody the classic flavours of the traditional French sausage from Toulouse, a key component in many French dishes such as cassoulet. This seasoning mix blends rustic, simple ingredients that enhance the natural flavours of pork, creating sausages that are rich, flavourful, and aromatic.

Product Description

The hallmark of Toulouse Style Sausage Seasoning is its emphasis on herbs & garlic flavour, which give the sausages their distinctive French character. Garlic flavour adds a robust, pungent depth that is both aromatic and flavourful, pairing exceptionally well with the fatty richness of pork. The herb flavours provides a fresh, slightly peppery element that brightens the overall flavour profile, contributing to the sausage's freshness and appeal.

The seasoning also typically features various spices which provides a sharp, spicy kick that contrasts nicely with the richness of the pork. This spice is essential in achieving the bold flavours characteristic of Toulouse sausages. Salt, of course, is crucial not only for enhancing these flavours but also for its role in the curing process, ensuring the sausage retains its moisture and texture upon cooking.

Toulouse Style Sausage Seasoning enhances the meat's flavour and aligns with the culinary traditions of the region in France.

This seasoning is perfect for those who appreciate the subtleties of French cuisine and wish to recreate the authentic taste of Toulouse sausages. It offers a blend that is both simple and sophisticated, providing a delicate balance of flavours that are true to the rustic yet refined nature of French cooking.
