| Note: The information provided is given in good faith and is based |                          |                                 |

upon the product data supplied by the raw material suppliers.

### Microbiological Specification (Typical Analysis):

| Total Viable Count | < 100,000/g   |
|--------------------|---------------|
| Mould Count        | < 1,000/g     |
| Yeast Count        | < 1,000/g     |
| Coliforms          | < 1,000/g     |
| E Coli             | < 10/g        |
| Staph Aureus       | < 50/g        |
| B Cereus           | < 50/g        |
| Salmonella         | Absent in 25g |
|                    |               |

Nut Statement

**Allergenic Ingredient** 

To the best of our knowledge, all products produced by Scobie & Junor do not contain any nuts or nut derivatives. However, we cannot guarantee that they are nut free. For more information please see our Nut Policy. Scobie & Junor (Estd. 1919) Ltd takes all reasonable precautions to ensure

| Policy                              | the quality of our seasonings, mixes and functional blends.<br>All materials are purchased from approved suppliers against a detailed<br>specification, which clearly indicates the presence or absence of various<br>ingredients.   |
|-------------------------------------|--|
| Sieving                             | All raw materials are sieved with appropriate screens for each particular raw material prior to the blending of the product.   |
| Labelling                           | Product label will contain Product Code, Product Name, Best Before Date<br>and Batch Number.   |
| Storage/Transport                   | Cool dry ventilated conditions avoiding direct heat or sunlight. Stored off<br>the floor and not in contact with walls or ceilings.  |
| Health Hazard                       | This product is designed for human consumption and when used in accordance with our recommendations should be safe for that purpose.<br>Avoid ingestion or inhalation of dust when handling.   |
| Fire Hazard                         | This product may present a fire hazard or explosion hazard when dispersed in air. Fires are readily extinguished with water or foam.   |
| Handling                            | Use in a well ventilated area.   |
| Spillage/Disposal                   | Spillage: Remove powder to a disposal container, wash contaminated area with detergent and water.  |
| Emergency First Aid<br>Procedures   | <ul> <li>Disposal: In accordance with the control of pollution act 1974.</li> <li>Skin Exposure: Normal standard of hygiene and regular washing with water should prevent irritation.</li> <li>Eye Exposure: Wash with water until irritation ceases. Seek medical advice if above is not observed.</li> <li>Inhalation: Remove person to fresh air.</li> </ul>            |
|                                     | IN ALL CASES IF ADVERSE EFFECTS PERSIST OBTAIN MEDICAL<br>ADVICE   |
| Legislation & Warranty<br>Statement | The product will be produced in accordance with all current relevant EU<br>Legislation. The information provided is given in good faith and is based<br>upon the product data supplied by the raw material suppliers.<br>All additives used in this product comply with the requirements of<br>regulation (EU) No. 231/2012 laying down specifications for food additives. |
| Confidentiality                     | This specification and the information contained within it remains the property of Scobie & Junor (Estd. 1919) Ltd and must not be disclosed to any third party without the prior written consent of Scobie & Junor (Estd. 1919) Ltd.  |

| Customer Approval of Specification  |  |  |
|---|--|--|
| Please sign and return this specification to <b>technical@scobie-junor.co.uk</b> to confirm formal acceptance of this specification. All specifications issued will be deemed to be accepted if no communication to the contrary is received after 10 working days. |  |  |
