Product Title	GLENFRESH BEEF SAUSAGE SEASONING 10KG PAIL
Product Code	SE12069
Product Description	Old favourite beef sausage, spiced with nutmeg and coriander with a hint of thyme. This sausage seasoning has been specially blended to suit beef, ensuring it maintains our popular Glenfresh flavour profile for beef sausages. Sausage seasonings play an essential role in sausage craftsmanship, providing a mix of spices, herbs, and flavour enhancers designed to enrich the flavour palette of sausages. These blends vary from classic combinations such as sage, thyme, and black pepper for traditional pork sausages, to more bold mixes featuring paprika, garlic, and fennel for Italian or chorizo varieties. Choosing the perfect seasoning mix is crucial for establishing the unique taste and allure of a sausage, giving the meat a rich scent, flavour, and distinctiveness that distinguishes it in the culinary realm.
