This adaptability ensures a tighter seal, virtually eliminating the risk of punctures and tears that can compromise packaging integrity and lead to significant product loss.

**Legislation:** Scobie & Junor guarantee that all plastic materials used in the manufacture of flexible packaging products, which are specified for food contact use in the food processing industry, meet with the framework regulation (EC) No. 1935/2004 of the European Parliament, Regulation (EC) No. 2023/2006 and Directive 10/2011/EC. It also complies with the Plastic Materials and Articles in Contact with Food (Scotland) Regulations 2009. They also comply with the relevant sections of the current USA Code of Federal Regulations Title 21, parts 170-199 and may therefore be used in articles intended to contact food at or below cooking temperatures (including freezer temperatures) provided the article is technically suitable for the intended use. In addition to the above legal requirements Scobie & Junor are accredited to the BRC Global Standard—Food Packaging and Other Packaging Materials (Issue 7).
