MP20140

Product Title

Elasticated Meat Ties Red 5.5CM 1000 Per Bag

Product Code

SEE S

### Product Description

Food-grade natural rubber thread covered with red and raw polyester yarns and then tied in order to obtain a ring whose length, when it is stretched, is the one guaranteed in the technical specifications.

### Intended use

Elastic ring used for tying poultry and meat products.

### Reference Regulations

Compliance to European Regulations (EC 1935/2004, 2023/2006, 1895/2005, 10/2011, 852/2004), as well as Italian (Decreto ministeriale 21/03/1973 and DPR 777/82 and following amendments) and American Laws (FDA CFR Title 21 Food and Drug Administration, in the related specific chapters according to product composition).

### Certification

UNI EN ISO 9001:2015 ; BRC/IOP ED.6

### Warnings

Not suitable for contact with flame. Do not swallow. Avoid improper use. This product contains latex.

### Instructions for use

Tying of poultry and meat products before roasting.

### Product storage

Keep away from heat, dampness and light sources.

### Related enclosed documents

Declaration of conformity of every batch with respect to the reference regulations. Bill of lading.

### Packaging information

Rings are sold in PE/LD bags, contained in proper carton boxes. Bags and carton boxes are labelled; the data which guarantee the traceability of the product are printed on those labels.

### Disposal information

Disposal must be carried out in compliance with related regulations.

### **Guaranteed performances**

These rings are suitable for contact with food and generally meat, during roasting at 175°C for 2 hours in presence of water and/or oil. The guaranteed characteristics are: length of the stretched ring and amount of rings per bag.
