EU regulations require a declaration of specified food allergens in the labelling of food stuffs in which they are present. This includes derivatives of the food allergens unless specifically exempted.

Atkins and Potts minimises the risk of its products being accidentally damaged or contaminated with non-declared allergens through risk assessment, segregation, good handling practises from our suppliers and through storage, production and distribution.

However, the risk of adventitious contamination is a possibility in the supply from field to factory, and whilst unquantifiable but extremely small, cannot be eliminated.

Suitability

Suitable for Vegetarians	Yes
Suitable for Vegans	Yes
Suitable for Coeliacs	Yes
Suitable for Lactose Intolerants	Yes
Certified Halal	No
Certified Kosher	No
Is product Organic	No
Additional claims	Free from preservatives and colouring

Note: Brand Owners must inform Atkins and Potts Ltd if they are making any "Free From" claims. Atkins and Potts Ltd can only support "Free From" claims for Gluten Free and GMO which is achieved through allergen segregation, good manufacturing practices and ingredient approval processes -any testing to support these claims is the responsibility of the brand owner. If a brand owner wishes to make any other claim, then it needs to be formally documented and contractually agreed with Atkins and Potts. If the brand owner does make any other claims which have not been formally documented and contractually agreed, then Atkins and Potts are in no way responsible or accountable for any products that do not meet the claim.
