

Material Specification

Multibar LS red Dia. 33
Materialno: 750-020-61 Material: Artificial casing made of polymers, polylayer, coextruded biaxially oriented Customer: Scobie / 133820

Characteristics

Type	Multibar LS
Diameter	33 mm
Flatwidth <i>(Layflat measured from unprinted reelstock. In case of thermoshrinking casings, some percentage of the indicated shrinkage may be triggered by temperature and humidity during storage time. This effect does not justify a quality claim)</i>	50,0 mm +/- 2 mm
Colour	red
Conversion shirring	shirred net with clip
Strand`s length	30,0 m
Strand`s press length	Ca. 450 mm
Content of packaging in m	990 m
Oxygen permeability, DIN 53 380 <i>(the expected value 45µm)</i>	< 20 cm ³ /m ² d bar at 23°C and 53% r. h.
Water vapour permeability, ISO 15106-3 <i>(the expected value 45µm)</i>	< 8 g/m ² d at 23°C and 85% r. h.
Storage conditions	Store the casing in original closed packaging at 3°C to 24°C and 45 - 75% r. h.
Storage time in original closed packaging	36 months from date of production.
Food safety	See Declaration of Compliance „Sausage casing not edible“
Date: 29/07/2024	Signature:

The products of our artificial casings are not edible sausage casings (according to the Regulation 1169/2011/EU, Annex VI, Part C, specific requirements concerning the designation of sausage casings). To assure traceability information on the label are required. This information is strictly confidential and not to be shared with competitors or any third parties, under any circumstances. Any infringement will entail claims for indemnification and summary dismissals where applicable. The exclusive responsibility for the use of food ingredients in different food types falls within the responsibility of the food manufacturer who has to observe existing laws and regulations for his envisaged purpose. Valid until further notice.
