

Bonzer EZ20 Can Opener - 16inch NSF

The Bonzer® EZ-20 catering can opener is a popular choice with hotels, cafes, restaurants, pubs and takeaways for hygienic, safe and efficient can opening. The easily removable blade makes cleaning easy, just pull back the handle and the blade carrier can be removed.

- Suitable for up to 20 cans per day
- Removable blade carrier
- Case hardened blade and wheel
- No manual tools needed
- NSF certified

PATENTED QUICK RELEASE BLADE

The blade can be removed in a matter of seconds for easy cleaning and changing of parts. All Bonzer® Can openers feature an easy to remove blade carrier - a feature unique to Bonzer®. Designed in a way that they can easily be taken apart for thorough cleaning. Keep environmental health officers happy with a Bonzer.

BRAND AND THE RED KNOB

Bonzer® brand name and the Red Knob mean British quality guaranteed. If it doesn't have a red knob it's not a Bonzer®

ERGONOMIC DESIGN

For comfort and ease of use Bonzer® Can openers have been carefully designed and perfected over the years taking into consideration how users interact with tools they are using.

Can Opener Spares

Wheels are made from gear-cutting grade steel, able to withstand intense pressures and last longer, finished with an antimicrobial tin coating. Blade available in mild steel with an antibacterial coating for increased food safety or stainless steel for improved dishwasher durability.
