**Plastic Packaging Tax (PPT) Statement – UK Only** - As we substantially modify the imported HDPE used to create our products making them predominantly paper by weight (gsm), they are therefore not considered to be a plastic product and **NOT** liable for PPT.

**Statement of Origin:** Dryline© are Absorbent Pads manufactured by Elliott Absorbent Products Limited. We hereby guarantee that this is a true and correct statement and that the goods referred to are of the origin, manufacture and production of the United Kingdom.

**Please note:** We reserve the right to change our product specification and related documents at any time, as our policy is one of continual improvement. Although we have taken all practical steps to verify the accuracy of the information contained in this specification, no warranties are given to this effect, therefore purchasers should govern for themselves whether products are suitable for their own particular use. This information is intended for the customer it has been issued to. The information contained within must not be reproduced or passed onto any third party without written consent of Elliott Absorbent Products. EU legislation is complied with for goods manufactured. If formal acceptance is not received by the customer within 48hrs, Elliott Absorbents will assume this specification has been accepted.
