COMPLIANCE WITH FOOD CONTACT LEGISLATION: We certify that the above products are manufactured to comply with the following legal requirements and meet the minimum legal requirements in the country of manufacture:

- The **Regulation (EC) No. 1935/2004** of the European Parliament and of the Council of 27 October 2004 on materials and articles intended to come into contact with food
- The **Commission Regulation (EC) No. 10/2011** and all successive amendments including **2016/1416; 2017/752; 2018/79; 2018/213; 2018/831**
- **Regulation (EC) No. 2023/2006**
- The **Commission Regulation (EC) No. 1895/2005** of 18 November 2005 on the restriction of use of certain epoxy derivatives in materials and articles intended to come into contact with food
- The **Materials and Articles in Contact with Food (England) Regulations 2012**
- The **Food Safety and Hygiene (England) Regulations 2013**

COMPLIANCE WITH MIGRATION TESTING: The materials have been tested in accordance with the requirements of EC 10/2011 with regards to overall migration limits. Overall migration limits are within the specified limit of 10mg per 1 dm² for a cubic packaging containing 1kg of food to a migration of 60mg per kg of food.

HEAVY METALS: Our suppliers state that cadmium, chromium (hexavalent), mercury and lead are not intentionally added during product manufacture. Any incidental amounts would not exceed 100 ppm by weight.

BADGE/BFDGE/NOGE: Our suppliers state that epoxy resins used during manufacture are approved and comply with the Union List of Authorised Substances EC 10/2011 and EC 1895/2005
