Product description Camshelving Premium

Easy & quick to clean

- Smooth wipe clean polypropylene surface - liquids and dirt cannot get inside crevices
- Weldless construction so liquids and dirt cannot get inside crevices
- Each Camshelving component is dishwasher safe
- Easy cleaning makes HACCP compliance simpler
- Embedded CamGuard silver-ion technology continuously works to suppress the growth of mould, fungus & bacteria

Easy to adjust & configure

- Build any configuration and fit any size area
- Available in 5 Heights, 4 Depths and 12 Widths
- Shelf heights adjustable in 100mm increments without disassembling the unit
- No bolts, no nuts! Easy 1-Step slide together construction
- Available with Level Footing, Wheels and Solid or Vented Shelf

Strong, durable & stable

- 150 to 200kg load per shelf depending on the length of the traverse
- 'Strong as Steel' weight-bearing upright Posts and horizontal Traverses

- Unique engineering of the Post Connectors (top and bottom) provides exceptional cross stabilization
- Built-in straight lines, two shelving units can share an upright Post with no loss in weight-bearing capacity

Rust free

Poly propylene surface won't rust even when washed or placed in wet or humid environments

- Not even saltwater or sea air will corrode Camshelving®
- Ideal for walk-in refrigerators and freezers as cold as -38°C or wet environments
- Lifetime limited warranty against rust and corrosion for Traverses and Posts
- Rust-free environment is vital for sanitary, HACCP compliant operation
